Re: Docket No. 2008-427-E – Order No. 2009-33

Dear Mrs. Boyd:

The Public Service Commission of South Carolina (the "Commission") issued Order No. 2009-33, dated January 20, 2009, in Docket No. 2008-427-E (the "Order") authorizing Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc. (the "Company") to issue and sell up to \$3,025,000,000 of additional debt and/or equity securities, in addition to the \$675,000,000 remaining available for issuance pursuant to the Commission's Order No. 2006-105, dated February 15, 2006, in Docket No 2006-16-E. Under the terms of the Order, the Company had available for issuance an aggregate of \$3,700,000,000 in debt and/or equity securities.

The Order references the shelf Registration Statement on Form S-3 that the Company filed with the Securities and Exchange Commission (the "SEC") on November 18, 2008. That Registration Statement expired on November 18, 2011 pursuant to SEC rules that provide that certain shelf registration statements will expire three years from their effective date. The Company filed with the SEC a replacement registration statement that has an effective date of March 1, 2012. That registration statement will be in effect for a period of three years.

Since the Order references the prior registration statement, the Company wanted to alert the Commission that the Company has filed a new registration statement with the SEC. The Company has not issued securities in excess of the amount authorized by the Order.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Len S. Anthony'.
